

Corporates rally to help flood victims

KUALA LUMPUR, Dec 29:

With over 200,000 cut off from essential supplies by rising flood waters in low-lying areas of Peninsular Malaysia, especially at the east coast, many corporates have come forward to volunteer aid for those worst affected.

The Weststar Group has deployed two of its helicopters to fly in supplies, having already delivered over six tonnes of food supply to sparse flood stricken areas in Kelantan.
